From the Principal's Desk

Dear Students, Parents, and Well-wishers,

It gives me immense pleasure to welcome you to Mangaldai College (Autonomous) for the academic session 2026–2027. As one of the premier institutions of higher education in the region, the College has continued its journey of academic excellence, social commitment, and holistic development since its establishment. The conferment of Autonomous Status by the UGC marks a significant milestone for the College, with far-reaching benefits. The new Programmes and Courses introduced from this academic year will not only meet academic demands but also help build a top-quality academic environment across the state.

In an era of rapid transformation in higher education, Mangaldai College (Autonomous) remains committed to nurturing responsible, skilled, and socially conscious learners. Guided by the principles of National Education Policy 2020, the College has adopted a learner-centric and multidisciplinary approach that encourages academic flexibility, critical thinking, skill enhancement, research orientation, and experiential learning. Through the Four-Year Undergraduate Programme (FYUGP), value-added courses, internships, community engagement, and research-based learning, we aim to prepare students not only for employment but also for leadership, innovation, and lifelong learning.

Education, in its true sense, is not confined to classrooms and examinations alone. It is a continuous process of intellectual growth, character building, and self-discovery. At Mangaldai College (Autonomous), we strive to create an academic environment that promotes discipline, inclusiveness, creativity, ethical values, and social responsibility. Along with curricular excellence, equal importance is given to co-curricular and extension activities through NCC, NSS, sports, cultural programmes, and various student support initiatives.

I extend my best wishes to all aspiring students and invite you to become a part of the vibrant academic community of Mangaldai College (Autonomous).

Dr. Kamala Kanta Borah, M.Sc., Ph.D.
Principal, Mangaldai College (Autonomous)

About Mangaldai College

Mangaldai College (Autonomous) is a pioneering multidisciplinary higher educational institution in Darrang district, Assam, offering undergraduate and postgraduate programmes in Science, Arts, Vocational Studies, and Technology. Established in 1951 by visionary citizens of the district, the college was founded to expand access to higher education in the region. Over the years, the college has grown into one of the leading institutions of Assam, with more than 5,000 students enrolled annually. It currently houses 21 departments offering a good number of undergraduate and post graduate programmes. The college also offers several certificate courses, both offline and through MOOCs, focusing on academic enrichment, skill development, and entrepreneurship. The alumni of the college have earned their names in diverse fields across the country and also have global presence.

Spread across a scenic 33.33-acre campus on the north bank of the Brahmaputra river, the college provides a serene and eco-friendly learning environment, with more than half of the campus under green cover. The institution strives to ensure the holistic development of students by providing quality academic, cultural, and sports facilities. Driven by the ideals of academic excellence, inclusivity, and social responsibility, the college is committed to expanding access to higher education for economically and socially disadvantaged communities. Its decentralized and participatory governance system encourages active involvement of stakeholders in nurturing an environment of knowledge, research, innovation, skill development, and humanitarian values. Through the active participation of its NSS, NCC, YRC, Eco Club, WSRC, and other units, the institution regularly undertakes extension and outreach activities in areas such as environmental awareness, sanitation, literacy, sustainability, entrepreneurship, and livelihood development. Faculty members are actively involved in research and have published in reputed journals indexed in global databases.

Accredited with “A” Grade by NAAC in the 3rd Cycle in 2024, the college continues to pursue quality enhancement in teaching, learning, and community engagement.

Our Motto

TAMASO MA JYOTIRGAMAYA

This caption is taken from the Verse No. 37 of the Brihadaranyak Upanishad which means *“Lead from darkness (of ignorance) to light (of wisdom)”*

Vision :

Promotion of higher education, social upliftment and development of scientific temperament among the masses in the socially and educationally backward area where the college is situated.

Mission :

To fulfil the mission of the founders, the College has set up a well-planned mission containing the following components :

Component – 1 : Inclusive Expansion of Higher Education :

- i) To encourage the enrolment of students from socially and economically deprived section of the society as the College is situated in the district declared as Educationally Backward District (EBD) and Minority Concentrated District (MCD) by UGC and MHRD, Govt. of India.
- ii) To develop the physical and infrastructure facilities to accommodate the growing number of learners.
- iii) To introduce new programmes and equip the faculty members with modern teaching – learning aids for the challenges of modern times.

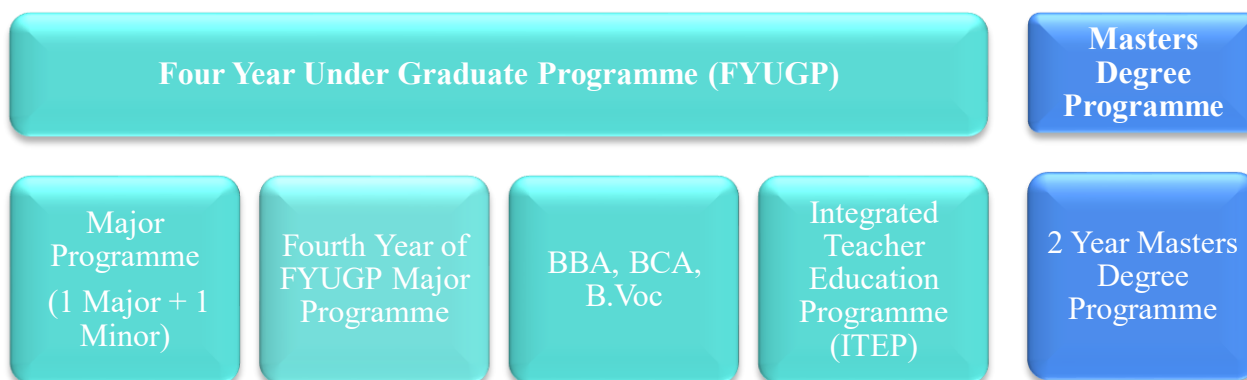

Component – 2 : Development of Scientific Temperament :

- i) To encourage research activities among the students and teachers by setting up a research centre.
- ii) To encourage the students participation in developing scientific temperament in the College and nearby Schools by forming “Mangaldai College (Autonomous) Student Science Forum” along with the existing branch of Assam Science Society.
- iii) To modernize the Science laboratories with latest equipment to meet the requirement of the changing syllabus.
- iv) To organize lecture and awareness programme on present issues with scientific explanation in the campus and nearby villages/schools.
- v) To develop the College campus a full-fledged Botanical Garden rich in Rare, Endangered and Threatened (RET), and local fruits plants of Assam.

Objectives :

- i) To promote higher education among the people irrespective of caste, creed, religion and gender.
- ii) To create a scientifically tempered society which will exclude superstition and other evil practices which thrive because of ignorance.

Courses of Study

Mangaldai College (Autonomous) offers a diverse academic portfolio, featuring the Four-Year Undergraduate Programme (FYUGP) with specialized Major and Minor tracks alongside professional courses like BBA, BCA, B.Voc, and ITEP. Our curriculum is designed for seamless progression, providing a robust foundation for students to transition into our comprehensive two-year Master's Degree Programmes. This multidisciplinary approach ensures a holistic learning environment that aligns with modern educational standards and career-oriented goals.

1. Four Year Under Graduate Programme (FYUGP):

FYUGP is based on the National Education Policy (NEP) 2020 and Mangaldai College (Autonomous) will follow the rules and regulations published by the Government of Assam and Gauhati University for implementation.

1.1. Introduction to FYUGP :

The FYUGP at Mangaldai College (Autonomous) to offer two types of Bachelor's Degrees to the students. - (i) Bachelor's Degree in a Stream and (ii) Bachelor's Degree in a Discipline. The word **stream** here refers to Arts and Science. In case of a degree in a discipline, the student can take Business Administration (BBA), Computer Application (BCA) and Vocational (B. Voc.). However, in both cases, the student studies equal number of courses (i.e.papers) - so that there is no weightage of any kind to either of the two types of degrees.

For both the types of degree programmes, course-wise, the whole FYUGP is divided into two parts - (i) Core Courses and (ii) Common Courses. The minimum credit allocation for a 3-year programme is 84 credits in Core Courses and 36 credits in Common Courses, which comes to a total of minimum 120 credits for a 3-year programme. With the fourth year, the minimum credit requirement becomes 160.

1.2. Eligibility for Admission :

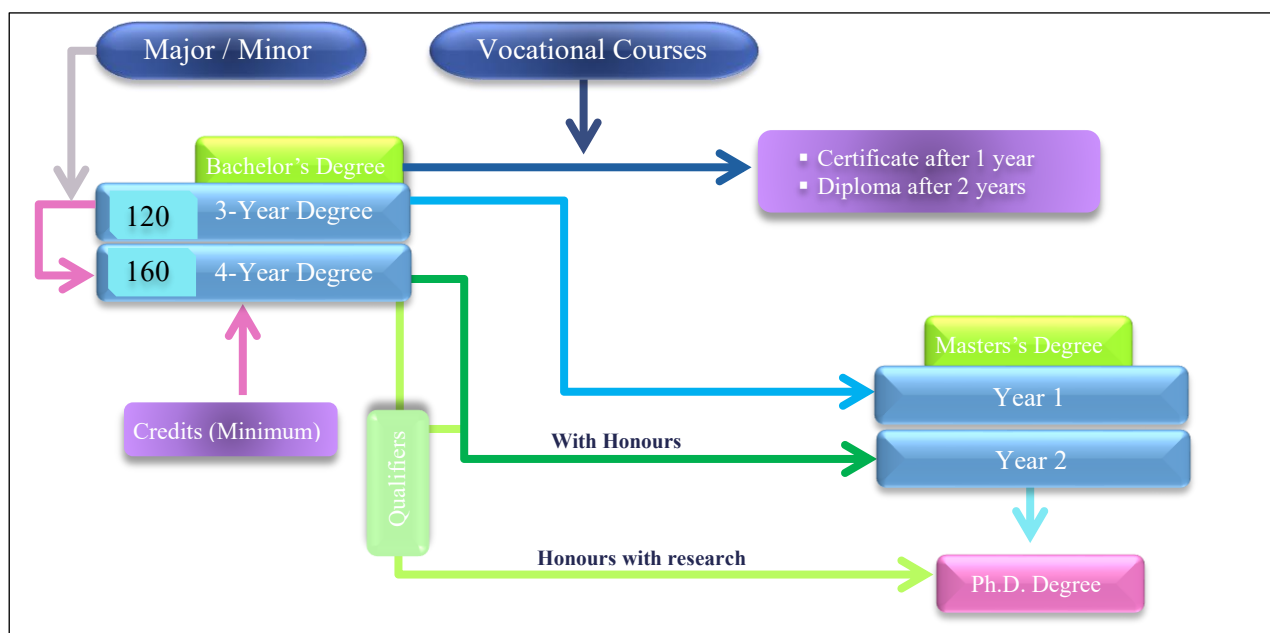

A student who has passed 12th standard or equivalent examination from an institution, recognized by state/ central boards.

1.3. Reservation :

Statutory reservation policy of the Government of Assam shall be followed in case of selection of eligible candidates for admission.

The details of curricula, courses and structures available at Mangaldai College (Autonomous) are shown below:

Academic Progression Pathway under FYUGP

1.4. Objectives of the FYUGP:

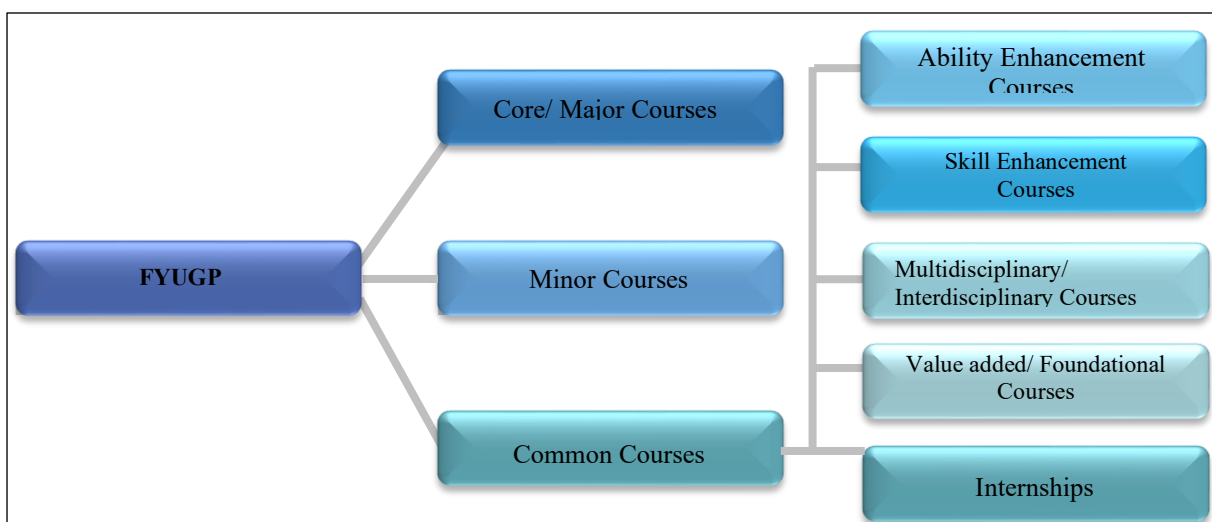

The Four-Year Undergraduate Programme (FYUGP) at Mangaldai College (Autonomous) has been formulated in accordance with the NEP 2020, which envisions a flexible, multidisciplinary, and learner-centered approach to higher education. The primary objectives of the programme are as follows:

- ❖ To realign the structure and philosophy of undergraduate education with the principles of NEP 2020, emphasizing flexibility, interdisciplinary, and learner autonomy in academic pursuits.
- ❖ To provide a broad-based education that combines disciplinary depth with multidisciplinary breadth, enabling students to explore diverse domains of knowledge and connect ideas across subjects.
- ❖ To develop core competencies in students, including critical thinking, analytical reasoning, effective communication, digital literacy, problem-solving ability, and ethical awareness.
- ❖ To nurture a spirit of inquiry, creativity, and research by incorporating project-based learning, research methodology, innovation, and experiential components into the curriculum.
- ❖ To enhance employability, entrepreneurship, and professional readiness through integrated skill-based, vocational, and industry-linked courses and internships.
- ❖ To inculcate values of citizenship, sustainability, inclusivity, and community engagement through structured outreach activities, service learning, and social responsibility programmes.
- ❖ To promote lifelong learning and adaptability by embedding flexibility self-paced learning, and the effective use of open educational and digital resources.

6. Discipline specific programmes :

6.1.(Bachelor of Business Administration) (BBA):

The Bachelor of Business Administration (BBA) is a discipline-specific undergraduate degree programme offered under the Four-Year Undergraduate Programme (FYUGP) framework. This is a standalone professional degree programme and does not follow the Major-Minor structure.

Salient features:

- ❖ Follows the FYUGP curriculum structure as per NEP 2020 guidelines.
- ❖ Includes Core Courses and Common Courses with a minimum of 120 credits in the first three years.
- ❖ Emphasizes managerial competence, communication skills, leadership, entrepreneurship, and professional readiness.
- ❖ Includes internship, project work, and skill-oriented learning components.
- ❖ Provides opportunities for progression to the fourth year with research/project specialization as per prevailing regulations.

About the programme:

Mangaldai College (Autonomous) is introducing the Bachelor of Business Administration (BBA) programme from the academic session 2026-27 to meet the growing demand for quality management education in the region.

The programme is designed to equip students with conceptual knowledge and practical skills in the areas of management, finance, marketing, human resource management, entrepreneurship, and business communication. It aims to develop analytical ability, leadership qualities, decision-making skills, and ethical business practices among learners.

The BBA programme at Mangaldai College (Autonomous) combines academic learning with practical exposure through case studies, presentations, internships, industry interaction, and project-based learning. With qualified faculty members and supportive infrastructure, the college seeks to prepare students for careers in business, industry, public administration, and higher studies in management and allied disciplines.

Eligibility: Passed Higher Secondary or equivalent examination from recognized board.

No. of intake: 50

Fees: 8,000/- (Per semester)

6.2. Bachelor in Vocation (B.Voc.):

The Bachelor's Degree in a Disciplines includes the Standalone Degrees. These degrees do not have Majors and Minors. These degrees also include Bachelor's Degree in Vocation.

Salient features:

- ❖ Has the same FYUGP structure – *i.e.*, Core Courses with a minimum of 84 credits and Common Courses credits of 36 (in a 3-year programme).
- ❖ Students study certain pre-defined courses designed for the respective discipline.

About the programme:

The Bachelor of Vocation (B. Voc.) course is a new initiative of Government to align higher education with the emerging needs of the economy so as to ensure that the graduates of higher education system have adequate knowledge and skills for employment and entrepreneurship. Mangaldai College (Autonomous) introduced the UGC Sponsored Bachelor of Vocation (B.Voc) course from the academic session 2015-16 in two trades namely 1. Medical Lab & Molecular Diagnostic Technology (ML & MDT) and 2. Food Processing Technology (FPT). The B.Voc programme at Mangaldai College (Autonomous) is designed to bridge the gap between traditional education and the evolving job market, providing students with specialized vocational skills and knowledge. Our dedicated faculty and state-of-the-art facilities ensure a dynamic learning environment, allowing students to gain hands-on experience in their chosen field.

6.2.1. About Medical Lab & Molecular Diagnostic Technology:

Medical Laboratory Technology is one of the most rapidly expanding health care fields. The course offers a comprehensive understanding of the role of medical laboratories in healthcare. It focuses on the application of molecular diagnostic technology, which has revolutionized disease diagnosis and treatment. According to National Skill Development Council (NSDC) report there is a huge gap of skilled Medical Lab professionals all across the country. Mangaldai College (Autonomous) introduce professional skill-based course like Medical Lab & Molecular Diagnostic Technology emanate like an opportunity for the students and aspiring professionals in the sector of Healthcare Industry. The course combines theoretical knowledge with hands-on training to prepare students for a successful career in Medical Laboratory Science.

No. of intake: 60

Fees: 8000/- (Per semester)

6.2.2. About Food Processing Technology:

Food processing is a contemporary exercise that develops efficiency and improves promotion of the food products. This course is based on developing set of methods and techniques which can be used to transform raw materials into nutritious and safe food for consumption. Despite the fact that food processing industry in India is at a developing stage, it offers exponential career opportunities to train professionals in Food Processing. The curriculum has been designed to include general education and skill development components, having extensive practical and on job trainings along with regular Industrial Visits so that they can be easily absorbed in Food Industry or become Entrepreneurs.

6.3. Bachelor of Computer Applications (BCA):

About the Programme:

BCA programme has been introduced in Mangaldai College (Autonomous) since 2017-18 session. The BCA program enhances students' critical thinking, logical reasoning, and analytical abilities for solving IT problems. Graduates are well-equipped for various career paths in education, research, government, business, and industry. The comprehensive curriculum covers essential computer science concepts such as data structures, algorithms, software engineering, programming languages (C, C++, Java, python etc), computer networking, system administration, operating systems, web technology, computer graphics, and database management systems. Additionally, students gain hands-on experience in computer labs, working with programming languages and tools, exploring emerging trends like mobile applications and data mining.

Eligibility: The candidate must have passed Higher Secondary or equivalent level examination from Science/Commerce/Arts Stream. Students who have passed the Higher Secondary examination with either Mathematics or Computer Science as one of the subjects obtaining minimum pass mark in the subject should be given preference at the time of admission. Students completing Diploma in CSE/IT from AICTE recognized institutes are also eligible for taking admission.

No of Intake: 80 (Eighty) seats.

Fees: 11,000/- (Per Semester)

7. Specialized Programmes

7.1. Integrated Teacher Education Programme (ITEP):

Mangaldai College (Autonomous) has received Formal Recognition from NCTE, New Delhi, to start the four-year undergraduate Integrated Teacher Education Programme (ITEP) - BA B.Ed. and BSc B.Ed. from the Academic Session 2026-27. The four-year ITEP is a dual-major bachelor's degree programme, with one major in Education and the other in a specialised subject such as a language, history, political science, economics, geography, mathematics, physics, botany, zoology, computer science, chemistry, etc. Student-teachers who successfully complete the four-year ITEP and want to pursue higher studies will be eligible to pursue master's degree programme in education as well as in the Major discipline chosen for study during the ITEP.

For the Academic Session 2026-27, the enrolment for ITEP will be as given below:

| Courses | Seat | Fees |
|--------------------|----------|-----------------------|
| B.A. B.Ed. | 50 Seats | 17,000/- Per semester |
| B.Sc. B.Ed. | 50 Seats | 17,000/- Per semester |

The admission in ITEP will be through the National Common Entrance Test (NCET) conducted by the NTA. The application process for admission in ITEP will be notified in due course of time.

7.2. Bachelor of Medical Laboratory Sciences (BMLS)

From the Academic Session 2026-27, Mangaldai College has introduced the Bachelor of Medical Laboratory Sciences (BMLS) which will be as per the norms of the Assam Allied and Healthcare Council (AAHC). The BMLS is a four-year undergraduate professional programme focused on laboratory diagnosis and healthcare technology. The course provides both theoretical and practical training in Clinical Biochemistry, Microbiology, Pathology, Hematology, Molecular Diagnostics, Blood Banking, and other allied laboratory sciences to develop skilled medical laboratory professionals for hospitals, diagnostic laboratories, and research sectors.

Admission to the BMLS programme will be based on the Common Entrance Examination (CEE) conducted by Srimanta Sankaradeva University of Health Sciences (SSUHS) as per AAHC.

Minimum Eligibility Criteria

- Candidates must have passed Higher Secondary (10+2) Science or an equivalent examination from a recognized board.
- Applicants must have studied Physics, Chemistry, and Biology along with English.
- Admission is subject to qualification in the CEE.

No of Intake: 50 (Eighty) seats.

Fees: 10,000/- (Per Semester)

8. Common Courses for B.A., BSc, B. Voc. And BCA:

8.1 Value Added Courses (VAC)

All students need to take three VACs of 2 credits each during Semester I, II & III.

8.2 Skill Enhancement Courses (SEC)

All students need to complete three SECs, each with 3 credits during Semester I, II & III.

8.3 Ability Enhancement Courses (AEC)

All students need to complete Two AECs, each with 4 credits. In Semester-I, students will take AEC in MIL/ALTE and in Semester-II they will take AEC in English Communication.

8.4 Multidisciplinary Courses (MDC)

All students need to take three MDCs of 3 credits during Semester I, II, & III, which are class-XII level courses.

9. Internship / Apprenticeship:

Every student shall undertake a field-based learning component, such as an internship, apprenticeship, or community engagement programme. This component provides experiential learning through exposure to workplaces, industries, NGOs, government institutions, or local communities. The internship is intended to bridge the gap between classroom learning and practical application, thereby enhancing employability and professional confidence. Students are required to submit a report or project diary certified by both the host organization and the faculty supervisor. Evaluation will consider performance, attendance, and reflection on learning outcomes. The rules for internship are as follows,

- ❖ Every student must complete a minimum of four (4) weeks of internship, apprenticeship, or community engagement activity during the programme, preferably in the between 4th & 6th Semester.
- ❖ Internships may be undertaken with industries, government departments, NGOs, research organizations, educational institutions, local self-governing bodies, or approved community development projects.
- ❖ Students must submit a comprehensive internship report duly endorsed by the host organization and the faculty supervisor. The report shall include the nature of work performed, learning outcomes, and reflections on the experience.
- ❖ Evaluation will be based on attendance, performance, supervisor feedback, and report quality, with credits awarded accordingly.
- ❖ The College may facilitate placements and institutional linkages to support students in identifying appropriate internship opportunities.

10. Research Project / Dissertation:

For students pursuing 4th year of FYUGP (Honours with Research), completion of a Research Project or Dissertation is mandatory. This component fosters independent inquiry, academic writing, critical analysis, and data interpretation skills. Students will work under the supervision of qualified faculty members and are required to submit a well-structured dissertation following academic standards, including proper citations and ethical compliance.

The final evaluation shall be conducted through viva voce and written submission, jointly assessed by internal and external examiners.

11. Important Points:

11.1 Multiple Entry and Exit System:

- a. In accordance with the National Education Policy (NEP) 2020, the FYUGP shall follow a Multiple Entry and Exit System (MEES) enabling academic flexibility and lifelong learning opportunities.
- b. Students may exit the programme with the following qualifications upon completion of the corresponding credits:
 - I. After 1 year (40 credits): Certificate in [Discipline]
 - II. After 2 years (80 credits): Diploma in [Discipline]
 - III. After 3 years (120 credits): Bachelor's Degree
 - IV. After 4 years (160 credits): Bachelor's Degree with Honours / Honours with Research
- c) The Academic Bank of Credits (ABC) shall digitally store and verify credits earned from recognized institutions and platforms, ensuring seamless transfer and re-entry.
- d) Students who re-enter after exit must complete the remaining credits within seven (7) years from the initial date of admission.

The Academic Council of the College shall facilitate counselling, credit mapping, and verification for students seeking re-entry through the ABC mechanism.

11.2. Progression

For master degree, student with a 3 years UG degree will have to do 2 year Master's degree programme. However, students with 4 years UG degree have to need to take only 1 year master degree programme.

11.3. Progression to Doctoral Studies:

Once a student takes admission into a Master's programme either after 3 years of the Bachelor's programme or after FYUGP, one will be able to take admission into a Doctoral programme leading to the Degree of PhD. However, students with honours with research in 4 years. UG can directly take admission into a Doctoral programme right after the FYUGP.

11.4. UG Degree Programmes with Double Major:

A student has to secure a minimum of 40% credits from the second major discipline for the 3-year/4-year UG degree to be awarded a double major. For example, in a 3-year UG programme, if the total number of credits to be earned is 120, a student of Physics with a minimum of 48 credits will be awarded a B.Sc. in Physics with a double major. Similarly, in a 4-year UG programme, if the total number of credits to be earned is 160, a student of Physics with a minimum of 64 credits will be awarded a B.Sc. (Hons./Hon. With Research) in Physics in a 4-year UG programme with double major.

11.5. Semester-wise Credit Requirements:

The complete FYUGP consists of 8 semesters, to be completed in a minimum of 4 academic years. Each academic year has two semesters. Each semester has a maximum credit allocation of 20. The credit requirements for FYUGP is as follows:

Table 20: Semester-wise credit requirements

| | |
|---------------|----|
| Semester I : | 20 |
| Semester II : | 20 |

| | |
|-----------------|-----|
| Semester III : | 20 |
| Semester IV : | 20 |
| Semester V : | 20 |
| Semester VI : | 20 |
| Semester VII : | 20 |
| Semester VIII : | 20 |
| Total : | 160 |

11.6.Classes:

In FYUGP, during the course of a semester, the word ‘class’ means contact hours of teaching. The classes are divided into two groups – (i) Theory and (ii) Practical. Both theory and practical classes can either be Contact Classes or Non-Contact Classes. Contact Classes are those classes which are carried out in a classroom or in a laboratory. All other classes will be termed as Non-Contact Classes.

All classes that a student attends are ultimately converted to academic credits. The following should be noted-

- The allotment of a credit for certain course (i.e. paper) is for the duration of a Semester.
- The conversion of hours of teaching into credits is as follows.
 - 1 Theory Credit = 15 Theory Classes of 1 hour of duration each
 - 1 Practical Credit = 15 Practical Classes of 2 Hours of duration each
- The ‘Theory Class’ can be any of (i) Teaching Class in a Classroom, (ii) A Tutorial Class, or (ii) Assignments.
- The ‘Practical Class’ can be either (i) A Practical Class Conducted in a Laboratory or (ii) A Project Work.

11.7.Conversion to class hours:

It is expected that in the course of a Semester, a minimum of 15 (fifteen) weeks worth of classes should be conducted. So, a 4-credit theory course should have a minimum of 60 hours of teaching in a Semester, which roughly translates to 15 one-hour theory classes. The following examples explain this conversion in details for a whole Semester.

- A course with 4 Theory Credits

$$4 \times 15 = 60 \text{ Hours of Teaching}$$
- A course with 3 Theory and 1 Practical Credits

$$3 \times 15 + 1 \times 30 = 75 \text{ Hours of Teaching}$$
- A course with 2 Theory and 2 Practical Credits

$$2 \times 15 + 2 \times 30 = 90 \text{ Hours of Teaching}$$
- A course with 4 Practical Credits

$$3 \times 30 = 120 \text{ Hours of Teaching}$$

11.8. Academic Bank of Credit (ABC):

- ❖ ABC or the ‘Academic Bank of Credits’ refers to the initiative of the Ministry of Education, Government of India where a student’s academic credit is consistently deposited into the ABC.
- ❖ All prospective students **must** be registered with the ABC and **must** obtain the 12-digit ABC ID through the Digilocker platform.
- ❖ Students are encouraged to visit the ABC Website for all related information which are available along with video tutorial.

12. Assessment & Evaluation:

- a. The performance of students shall be monitored throughout the semester through a system of Continuous and Comprehensive Evaluation for both theory and practical components. The evaluation shall comprise internal continuous assessment and end-semester examination.
- b. Internal continuous evaluation (formative assessment) shall carry 40 percent of the total marks of a paper for UG programme and 20 percent of the total marks of a paper for PG programme. Of the total internal assessment marks, 50 percent shall be allocated to the sessional or mid-semester examination, For example, if the internal assessment marks of a subject are 40, then 20 marks shall be allotted for the sessional examination.
- c. The remaining 50 percent of the internal assessment marks shall be awarded on the basis of continuous internal assessment as detailed below. This assessment shall be based on attendance and any three of the following activities as determined by the concerned teacher:
 - i. Attendance
 - ii. Class assignment /home assignment
 - iii. Class test /unit test
 - iv. Field work
 - v. Group discussion
 - vi. Seminar presentation
 - vii. Participation in class discussion
 - viii. Quiz, or any other evaluative method approved by the Department.
- d. The end-semester examination shall carry 60 percent of the total marks of a paper for UG programme and 80 percent for the PG programme. For example, in a theory paper of 100 marks, 40 marks shall be allotted for internal assessment and 60 marks for the end semester examination.
- e. Internal Evaluation would be based on the basis of compulsory Unit Test, Sessional Examinations, home assignments, seminars, group discussion and library work in each semester. Internal and External examinations carry 40% and 60% of total marks respectively.
- f. The pass mark in each theory & practical paper (both in the Internal & External) is 40%.
- g. In each paper, students must secure pass marks in both the internal as well as the external evaluation separately.
- h. A student who could not appear or failed in any semester examination will be allowed to clear the same as follows:

- i. First Semester with the regular third semester examination
 - ii. Second Semester with the regular Fourth Semester examination
 - iii. Third Semester with regular fifth semester examination
 - iv. Fourth Semester with regular Sixth Semester examination.
- i. In case of any dispute regarding evaluation or unforeseen event the matter may be placed in the Committee of Courses and Studies (U.G) for amicable settlement.
 - j. Since the Semester system involves continuous assessment there would be no scope for a student to appear as a private candidate in any subject.
 - k. A minimum attendance of 75% is mandatory for students to be eligible to appear in the Final Semester Examinations
 - l. For any matter not covered under this Regulation for Semester System, the existing University Rules and the Gauhati University Act. 1947 (as amended till date) would be applicable. As regards, the newly NEP-2020 implemented FYUGP.
 - m. Appearing in the Unit test, Sessional Examination, seminar presentation, group presentation, is compulsory for appearing final semester exam.

13. Admission Procedure:

A candidate willing to take admission in this college must apply through prescribed ONLINE APPLICATION FORM in the “SAMARTH PORTAL” after reading the following prescribed procedure and the prospectus carefully. Provision of reservation will be made as per rules of the Government.

Admission will be made strictly on the basis of merit. A merit list of candidates will be available in the College Website and SAMARTH PORTAL before admission. Detailed procedure is cited at the last page.

14. Dates Of Admission:

BA., B.Sc., B.Voc., BBA., & BCA 1st semester: As per government notification through SAMARTH Portal

15. Documents required to apply for admission :

1. Pass certificate from the Head of the institution last attended
 2. Original marksheets of all qualifying examinations appeared
 3. a) Admit card of HSLC, b) Registration certificate of the last examination appeared, c) Caste/Tribe/Physically challenged certificate, d) Certificate of awards/ participation in National/State/District/University level games and sports/art, cultural activities, e) Gap period certificate /affidavit regarding activities in the break period
 4. One recent passport size photograph.
 5. Candidates from other state are required to submit domicile certificate from competent authority.
 6. Income certificate from competent authority for free Admission (*If Applicable)
- (* As per Government Notification)

16. Re-admission:

The students of 3rd semester (2nd year) , 5th semester (3rd Year), and 7th Semester (4th Year) are required to take re-admission within the period, that is fixed by the authority. Separate forms for this admission will be provided by the college.
